

Dolphin Encounters with lunch – Dolswim

Dolphins are amongst the most fantastic of all creatures that live in the ocean. These mammals have always had a special place in men heart and mind. The dolphins; cheerful and playful, symbol of intelligence and gracious , can be encountered on the West Coast Mauritius. The dolphins, the Spinners and the Bottlenoses, have made this side of the island, a place to rest and sleep before going to the deep sea to fish.

Dolphins live in pods of around 20 individuals or more and can be observed swimming casually from Tamarind Bay to the deep sea off the coast of Le Morne Peninsula early in the morning. You will have the opportunity not only to observe them, but also to swim with them while respecting all parameters to their life in nature.
