

Vitamin Sea – Combined Dolphins and Whales Excursion

The best of both worlds combined into one exceptional excursion...

For a peaceful and respectful interaction with dolphins, it's recommended to start early at 6:15 during the winter season and 5:30 during the summer season. The tour typically involves observing bottlenose or spinner dolphins and swimming with them for approximately 60 to 90 minutes. After that, the tour proceeds to look for whales. It's important to approach marine wildlife with care and caution, and to follow any regulations or guidelines in place for the area where you are observing them. Remember that dolphins and whales are wild animals and should be respected in their natural habitat. Additionally, it's important to minimize our impact on the environment and practice sustainable and eco-friendly behaviour while enjoying these amazing creatures.

After that, the tour proceeds to look for humpback whales or spermwhales (according to the season)

9:30/10:15 : Back at La Balise Marina and end of the cruise

MENU

Homemade Banana Bread and Soft Drinks are offered

IMPORTANT INFORMATION

- Please note that the number of dolphins on site and the behaviour of the animals change on a day-to-day basis. We don't control those two things because they're wild and they can't predict encounters beforehand. Our team adjusts and makes every effort to offer a memorable interaction.
- Please note that there is a possibility that we may not see whales, but we use a hydrophone to locate them.
- To ensure your comfort, all snorkelling equipment will be provided on board
- All passengers are required to wear life jackets if need be and follow the safety rules and guidelines provided by the crew.
- Any damage or loss caused to the boat or equipment by passengers will be the responsibility of the individual or group who caused the damage or loss.
