

After the dolphins encounter in their natural environment you will start your journey to find the magnificent mammals that are the whales.

Whales watching is a different and more difficult outing as you will have to go further at sea and will depend a lot on weather and sea conditions.

There are two different types of whales that can be seen on the Mauritian coast; the Humpback whale in winter season (July-September/October) and the Sperm whales which are considered as resident and the west coast of Mauritius.
